

FoodPharma™ Soft Chews

PACK IN THE POWER

FoodPharma™ Soft Chews are packed with active ingredients so you can offer great taste and functionality in every bite. Our skilled R&D team will work with you to customize a proven base formula that delivers twice as many actives per serving as gummies and masks off-flavors more easily. Plus, we have an over 2-billion-unit capacity to meet any Soft Chews needs with quality and speed.

- **High-dose capacity:** Reduce the number of servings needed with more nutrients per serving.
- **Leading expertise:** Join the top brands in VMS today and work with our R&D teams to quickly and easily bring product visions to life.
- **Unmatched taste & texture:** Offer a soft chew that consumers love that has just 20 calories per 5.5g serving.

Packaging Perfected

Soft Chews are individually wrapped for portability and safety. Choose from a variety of tamper-evident options, including pouches, bottles and wide-mouth jars.

Swiftly Specialized

Our QuickLaunch™ process streamlines development by leveraging a vast library of proven, scientific formulas. You get a custom formula fast, fully customized.
